PUMPS

PRICE PUMPS

- **AOD**-Air-operated double-diaphragm pumps
- Flows 0.5 to 275 gpm, to 100 psi, 1/4" to 3"
- Aluminum, polypropylene, PVDF, CI, S/S
- Unique air valve for true non-stalling operation
- All air valve parts are replaceable without removing pump from piping
- **Centrifugal pumps**

MARCH MANUFACTURING

- *Magnet drive* seal-less centrifugal pumps
- Flows 1 to 200 gpm
- 3/8" to 3" ports
- Polypropylene, Ryton, PVDF and 316 SST

TUTHILL PUMP GROUP - CHICAGO

- Internal gear pump, direct and *magnet drive*
- Flows of 0.5 to 550 gpm
- Cast iron, carbon steel and 316 SST

FINISH THOMPSON, INC.

- *Magnet drive* and direct drive (seals) centrifugal and drum pumps
- Flows 5 to 300 gpm for centrifugal pumps
- PVDF, polypropylene, 316 SST, ductile Iron with Tefzel (ETFE) lining

YAMADA PUMPS

- Air-operated, double-diaphragm pumps
- Flows from 0.5 to 200 gpm up to 100 psi
- 1/4" to 3" ports
- Polypropylene, 316 SST, PVDF, aluminum, Teflon and cast iron pump housings

TEIKOKU (formerly CRANE CHEMPUMP)

- *Canned motor* centrifugals and turbine pumps
- Turbine flows from 0.5 to 18 gpm up to 175 psi
- Centrifugal flows from 5 to 180 gpm up to 80 psi
- 3/4" to 2" ports
- 316 SST pump housings, carbon graphite bearings, Viton or EPDM

TUTHILL PUMP GROUP - CONCORD

- *Magnet drive* spur gear pumps
- Flows from milliliters to 10 gpm
- 0 to 250 psid, varies by pump model and magnets
- 10-32, 1/4-28, 1/8", 1/4", 3/8", 3/4" ports
- 316 SST, PPS (Ryton), Hastelloy C-276 & titanium
- Custom gears, bearings, magnets and o-rings available to meet a wide variety of chemical compatibility, wear, temp. and other requirements
- Custom pumps built for OEM applications
- Custom motors and controls available
- Pulse-less metering pump

ISOCHEM and ECO (PULSAFEEDER)

- *Magnet drive* gear and centrifugal pumps
- Centrifugal pump, flows from 10 to 84 gpm with high head capabilities (over 300 feet)
- Gear pump, flows from 1 to 55 gpm, 0-100 psid
- 316 SST, passivated 316 SST, Alloy C and Alloy 20
- Custom gear, bearings and wear plate materials

EASTERN PUMPS (PULSAFEEDER)

- Single and multi-stage centrifugal pumps
- Flows from 2 to 84 gpm with high head capabilities
- 316 SST, passivated and Alloy C
- Custom seals available

PULSATRON (PULSAFEEDER)

- Electronic metering pumps, extremely accurate
- 100:1, manual, external paced or 4-20 ma DC
- PVC, Kynar, polypropylene and SST, UL listed
- New BioTech sanitary metering pump with autoclavable head 12 and 94 gpd at 100 psid & more

PROCON PUMPS

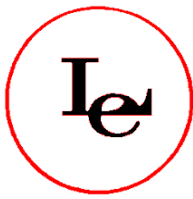

- Carbon vane rotary positive displacement pump
- Bronze and stainless steel pump housing
- *Magnet drive and canned motor* now available

DRUM PUMPS: Finish Thompson & Standard

MISC: Sethco, Serfilco, Webster, G&L and Laing

Lang's focus is on small process pumps, filters, heat exchange systems, transfer, metering and OEM's. We support clients with custom solutions in a wide variety of applications. We partner and consult prior to full system design to provide in-house pump and filter expertise.

"Your Pump and Filter Experts"

Lang Engineering Equipment Co.

FILTERS

Lang acquired Filtrex Inc. in 2004 and greatly expanded our filter offerings.

VELCON

- Aviation fuel filtration, vessels, coalescers, separators, clay, particulate
- Utilities: turbine oil, insulating oil in LTC and transformers less than 10 ppm moisture w/o heat/vacuum, systems & multiple solutions
- Portable industrial oil filtration

ROSEDALE PRODUCTS

- Bag, strainer and cartridge housings
- Standard and custom systems, housings, bags
- Automatic & manual backwashing systems

UNITED FILTERS

- High efficiency continuous wound sting filter elements and carbon filter cartridges
- Custom dual wind, tighter inner wind, longer life

KEYSTONE FILTER DIVISION

- Pleated filter elements
- Housings in polypropylene, nylon and SST

FIBERCOR

- Hollow Fiber polysulfone filters and capsules
- Minncare disinfectant for R/O systems and biotech, biodegradable

ZANDER

- High end compressed air filtration, coalescers, dryers, condensate separation, steam filters

SHAWNDRA

- Air intakes, in-line, exhaust, tank vent filters

AQUAFINE CORPORATION

- UV Water treatment systems

STRAINERS: Hayward, SSI, Flow-Ezy

MISC: Ametek, Shelco, Zander and more

HILCO (HILLIARD CORPORATION)

- Oil filter housings, systems, cartridges and oil reclaimers for particulate, water and acid removal
- Portable filters, vent mist eliminators, transfer valves
- Hydraulic, lube, transformer and turbine oil conditioning, machine tool coolant recycling

KNIGHT FILTERS

- Cost-Effective filter bag solutions
- Bag filter housings

FALLS FILTRATION (formerly AIR-MAZE)

- Air/Oil separators, compressed air/gas filters, panel filters, HVAC, intake air filters (dry and wet), filter housings and breathers

FILTERSOFT

- High end replacement/crossover filter elements
- Hydraulic filters, Beta 2 to 200 (99.5%), 1 to 25 micron
- Compressed air filters, efficiency of 90 to 99.9999%
- Fluid process filters, glass microfiber, polypropylene, and cellulose. 0.6 to 150 micron @ 99.98%

PARKER PROCESS ADVANCED FILTRATION

- Membrane: PTFE, polyethersulfone, others
- Polypropylene, microfiberglass, cellulosic, S/S
- Depth: Melt blown Poly, resin bonded phenolic/acrylic fiber, bonded polyolefin
- Single & Multi-Cartridge filter vessels

PUROLITE

- Ion exchange resin cartridges, 18.3 megohms
- Only resin manufacturer making resin cartridges
- Longest life for lowest cost

HAYWARD INDUSTRIAL PRODUCTS, INC.

- Bag, strainer and cartridge housings
- Polypropylene, carbon steel and stainless housings
- Custom bags with variety of materials & technologies

STRAINRITE

- Bag, strainer and cartridge housings; custom bags
